

Trailmate Speaker/Lantern User Guide

SKU: 602-KM-TSL-BG

Bluetooth® Name: KUMA-SPEAKER

Speaker Operation

Power On: Hold down for 3 seconds to turn ON/OFF. Bluetooth will also turn on.

Bluetooth: Double click and wait 3 seconds to initiate Bluetooth connection. Connect to "KUMA-SPEAKER"

Click to **Pause/Play**, hold down to switch from:

Bluetooth >> **White Noise mode**

Click to **increase volume**, hold down for next track.

Click to **decrease volume**, hold down for previous track.

"White Noise" Operation

Timer Shut Off: While in "White Noise" mode, set shutdown time. Press to switch from 30 min (1 beep), to 60 min (2 beeps), to 90 min (3 beeps).

Click and hold "+" or "-" buttons to scroll through 4 options for white noise sounds. (Water, Birds, Fire, Frogs)

Phone Call Operation

Click to **answer or hang up** a phone call. Hold down to **reject** a call. Double click to **make** a call.

Lantern Operation

Light On/OFF: Long press for light to turn ON/OFF. Double click for white light or warm light selection.

Increase Brightness: Click to increase light brightness.

Decrease Brightness: Click to decrease light brightness.

Connecting 2 Speakers

Power ON only one speaker: Hold down for 3 seconds to turn ON. **Bluetooth:** Double click and wait 3 seconds to initiate Bluetooth connection. Connect to "KUMA-SPEAKER"

Connect other speaker to Bluetooth connected speaker: Power ON the other speaker. Once ON, double click the power button quickly, this should connect the 2 speakers together.

NOTE: Do not connect both units via Bluetooth to your phone. If you do, "Forget This Device" for both units and then reconnect only one unit and start again.
